1 Setting up Semantic References

In a nutshell:How to set up semantic references? Easy, just use the `omgroup` environment from the `omdoc` package.

2 Testing the References

Now, we test the referencing mechanism

Internal Referencing:First single references: Section 1 and Section 2, and then compound ones: Section 1 and Section 2

External Referencing:First single references: [IDC, Section 1] and [IDC, Section 2]
