1 Setting up Semantic References

In a nutshell: How to set up semantic references? Easy, just use the omgroup environment from the omdoc package.

2 Testing the References

Now, we test the referencing mechanism

Internal Referencing: First single refrences: Section 0 and Section 1, and then

compound ones: Section 0 and Section 1 $\,$

External Referencing: First single references: [IDC, Section0] and [IDC,

 ${\bf Section 1}]$
