1 Setting up Semantic References

In a nutshell: How to set up semantic references? Easy, just use the omgroup environment from the omdoc package.

2 Testing the References

Now, we test the referencing mechanism

Internal Referencing: First single refrences: Section 1 and Section 2, and then compound ones: Section 1 and Section 2

External Referencing: First single references: [IDC, Section 1] and [IDC, Section 2]
