## 1 Setting up Semantic References

In a nutshell: How to set up semantic references? Easy, just use the omgroup environment from the omdoc package.

## 2 Testing the References

Now, we test the referencing mechanism

Internal Referencing: First single refrences: Section 0 and Section 1, and then compound ones: Section 0 and Section 1

**External Referencing**: First single references: [IDC, Section 0] and [IDC, Section 1]
