Inter-Document Crossreferencing

John Bull

May 10, 2019

1 Making Crossreferences

in the omgroup

2 Referencing across Documents

Now, we test the referencing mechanism

Internal Referencing: First single refrences: **?idc@mcr?** (p. ??) and **?idc@rad?** (p. ??), and then compound ones: **?idc@mcr?** and **?idc@rad?**

External Referencing: First single references: [**?**, ??] (p. ??) and [**?**, ??] (p. ??)

References
